disabilities. Both Radicals and third party near are now laboring to procure the each seon from public office, not only of those extensions to procure the each seon from public office, not only of those extensions and the extensions that also of these with whom they have seen proper to reake a political connection. Recause ten or fitteen thousand respect to the extensions of the extensions at the time, and not wait until we need to make a political connection. Recause ten or fitteen thousand respect to the extension of the exte

radica's making this argument, for they oppose the restoration of these men to political rights and diguity of his State by the personal class they not professed to believe that they would do what they now change they are delay—seeking to get the political control of the State by the political control of the State by the Radicals, and which was strengthened by the Radicals, and which was strengthened by the Radicals, and which was strengthened to the completion of the reducation they returned to heir none and indicate the world that the impression sought to be made by the Radicals, and which was strengthened by the reducation they returned to he homor and in the work of any isranch of the launity. The family was surrounded with every contour, and the two young men to find the work of any isranch of the launity. The family was surrounded with every contour, and the two young men to the important portunity was afforded us to show to the world that the impression sought to be made by the Radicals, and which was strengthened. radicu's making this argument, for they oppose hy Lis appropriate vindication of the honor lng to get the political control of the State ions for Stata nuices and for But men who claim credit for their liberality by the Radicale, and which was strengthened toward the ex-Confederates, and boast that they we their restoration to civil rights to their generous and forgiving spirit, are certainly of Kentneky was a rebel organization, which would not support any one for office to have confederates may make to obtain which would not support any one for office who will be understood that they confederate may make to obtain the rebel army, was an unstance of the confederate may make to obtain the rebel army, was an unstance of the confederate may make to obtain the rebel army, was an unstance of the confederate may make to obtain the rebel army, was an unstance of the confederate may make to obtain the rebel army, was an unstance of the confederate may make to obtain the rebel army, was an unstance of the confederate may make to obtain the rebel army, was an unstance of the confederate may make to obtain the rebel army, was an unstance of the confederate may make to obtain the rebel army, was an unstance of the confederate may make to obtain the rebel army, was an unstance of the rebel army of the rebel army, was an unstance of the rebel army of the reb toward the ex-Confederates, and boast that by the interances of such shadow pates as the their fathers' death, under the paternal roof thous, is without the slightest force, and is their generous and forgiving spirit, are established by those who desire to distract topied from cutering a protest against act which would not support any one for office only employed by those who dear that they may not be strong enough before that they considered eligible to offer have been fixed upon the minds of the voters. it was not proper that they should be duvement with civil_rights, and if it was right to remove their disabilities. It is altoether proper that they should be permitted o hold such offices as their fellow eltizens see

It to conter upon them. arthy of estizenship or they were not. It they were not why were they restored? Was It sangly to give the Conse vasives an opporunity to display their liberality, with the expectation that the rights il as restored wer not to be exercised? Surely the action r idea. It was the intention of the Legislatur that these men should be placed upon a fool ing of perfect political equality with all other citteen, and that while they were invested with the right of suffrage, they should also be eliestle for all mostless of trast and profit in cizing this fact, the opposition maintain th

at I and comfort to our Northern affes. Such ment or that they are meditating any infu estatetice to its anthority? is any one crozy mough to believe that they desire anything torm which would be acce, table to the whole berond the peaceful pursuit of prosperity party. This was both 'air and just. Yet, and hap, inces, or that they have any motive in their present conduct than to preserve that ey of the party and recognized as such, h Constitution and maintain reput lican Instituwas represented that the party was exclusive tous! The slang with which they are asly rebel, and with this argument it was sought sailed is the merest clap-trap, as low, mean, and unworthy, as it launjust to those to whom It is audied. And yet itele the entire enpital

a single ergument has been advanced against strate the lability of this charge, and in our be triumph of the Democratic party except support of him we gave our slanderers a It should be remarked that there is a class men in the State, and especially in this landerous the state, and especially in this landerous vars the library var that it is a rebel organization, and therefore stinging rebuke, and broke the force of their clarge, but it is repeated upon all occa-sions with all the edufidence of truth, party it uttered no word of protest. It now it is a rebel organization we are told, insolutly presumes to question our motives tact that the party poiled near one hundred saw proper to adopt. It is a source of satisthe usand votes in the last election, will action true to know that the Herald does ancwn as the "third party," and they are endeavoring to build up a new party npourths. The transfer of the tra not represent ly its present disorganizing rulus of ours. They will halt at no federates in the State, is kept in the backwill ground, for it would kill off the whole arguurent. The folly of insisting that one-sixth by, is not sufficient to do much damage. The of a porty, admitting that the Confederate and First District will come up nobly to the element constitutes even that small propor intend to support the Demthe effect will be about the only ciforts of the Herald. one as sprinkling the devit with holy water, other words, that the five-sixths of the parwould permit themselves in be n ed as newer of wood and drawers of water by the on-

operatie State tieket at the head of its columns, and subsequently took down the name of Mr. Dawson, to await further information concerning him, having obtained the desired information has refusated the name, doing it, however, with a very bad grace, the ditor evidently feels that he put his foot in liwhen he undertook to set up his judgment in apposition to that of the State Convention, who knew who Mr. Dawson was and put him to the ticket. It was a very small affair, and whether the Herald supported Mr.

Dawson, or any other part of the ticket, was a unatter of very little moment to the parts. duning, and subsequently took down the slath, is too preposterous for credence. The if it is er needed, which it must be, because We are told that the party make no non vel we see there is not a slugic Democraci with the rebellion, and only one on the Stat a matter of very little moment to the party. The course of the Herald has been severely to rebeltion should be proscribed, but show the who are suspected of having sympathized Stale, and the spiteful flings at the Courses will not break the force of the fact that it has with them must also be excluded from nutle gone through with the performance of the and the best lefters tro office. The mad dog ery of "rebel" is started monkey who climbed the pole.

"1-7"The accoud class paper keeps chattering away about the Democratic party lu the State and city as though it was authorized to

The Loudwille Country thinks the flered in the state. We will inform the Country having restored the related roy is in 10 south and only the State.

The third porty many claim great credit for having restored the related roy is in 10 south and only the State. We will inform the Country having restored the related roy is in 10 south and only the State. We will inform the Country have been shannering that have been shannering that have been shannering that have been shannering that the Country have been shannering that the Country have been shannering that the first seed of the Country have been shannering to produce of the State. We suffice the first seed one things the first seed on the State.

The Loudwille Country that have been shannering that the first seed on the State. The suppose it has some range in the Shuckling Mfair, the Country have been shannering to the Shuckling Mfair, the Count

torsuporting ten. Houseau, and that reason, James Q. Barnack, one of the offest, we have range to believe, was approved by a large majority of the Remocrats of the State. There is some degree of consistency in the adlesis making this argument, for they oppose the support of the policy of the President, and the support of the policy of the President, and the support of the policy of the President, and the support of the policy of the President, and the support of the policy of the President, and the support of the policy of the President, and that reason, James Q. Barnack, one of the offest, and the standing standard properties of the State. That gentleman has distinguished himself by this two sous, duced and Johuson, and these the support of the policy of the President, and that reason, James Q. Barnack, one of the offest, and the standing standard properties are supported by a large majority of the State. That gentleman has distinguished himself by this two sous, duced and Johuson, and these controllers are supported by the support of the President, and the support of the support of the President, and the support of the support

bave been fixed upon the minds of the voters of Kentucky, our party would now be in a hop less minority, and a Contederate soldier would have no more chance for an office in the State than a Badient. The idea of demanding the monopoly of the offices of the state for an element of tar party which did not constitute one-fifth of us voting strength, could only have found bedgment in the head, we will not easy the brain, of just such lands and it appears from this little is known to the could only have found bedgment in the head, we will not easy the brain, of just such lands and it appears from this line on the literald. The Democratic party of the State, in its platform and its professions, discontinuous and the platform and lits professions, discontinuous and lands a

hyperrical in ludorsing the platform, we were not. Our object has been in do away with such distinctions, and to ald in blutten up a compact party opposed to radicalism.

The two men went beavily armed on all occasions, and intally they need on the bigh-way near the residence of the elder, on the day named above, and luminediately com-

a party we could not hope to create with ten or fifteen thousand Confederate soldiers, and work until they lell apart from sheer exhan as there were other elements in the party it tion.

When tound by some men who happened along the road, the elder brother was still and our lalormant left he was still alive with no hopes of his recovery, as he was terribly wounded in five places, and continued to rave

to crush us.

We were strong enough when Gen. Rouseau became a mandidate for re-election in afford in make an attennal at least to demonstrate the labity of this charge, and in our tree this charge, and in our tree the labity of this charge, and in our tree the labity of this charge, and in our tree the labity of this charge, and in our tree the labity of this charge, and in our tree the labity of this charge, and in our tree the labity of this charge, and in our tree the labity of this charge, and in our tree that the labity of this charge, and in our tree the labity of this charge.

Death of Artemus Ward. (From the Cincinnatt Times, 9 h]

The intelligence was received yesterday, wer the Atlantic Cable, of the death of Mr. tactics the sentiments of the Democracy of the section in which its circulation, fortunately, is not sufficient in dominent damage. The nid First District will come up nobly to the

support of the ticket, notwithstanding the moss, however, for in those early and migrato puny efforts of the Herald.
